Court Items - Personal-Tobacco. (Correspondence of the Richmond Dispatch.)

February 14, 1888.

Yesterday was County-Court day here, and although seemingly the roads have no bottom to them there were quite a number of our citizens out, and they represented all parts of the county No speaking of representatives reminds me to say that our full representative force in the Legislature was on band, and Senator Hubard was here serving in the dual capacity of senator and attorney for the Logislature was on band, and Senator Hubard was here serving in the dual capacity of senator and attorney for the Legislature was on band, and Senator Hubard was here serving in the dual capacity of senator and attorney for the Legislature was on band, and Senator Hubard was here serving in the dual capacity of senator and attorney for the Legislature was on band, and Senator Hubard was here serving in the Paul.

Paul.

Paul.

Father:

Your poor, wearied wife, losing sleep right of the county, the jury brought in a verdict of guilty and fixed the punishment at one year in the penitentiary.

Our farmers are much elated at the fine prices being obtained for their crops

of tobacco, and what with bountiful supplies of corn and other grain and forage and the hope that the Farmville and Charlottesville railroad will soon be built through the county, business-men are more hopeful than for some time past. The bill recently passed by the Legis-lature for the relief of J. R. Moss, ad-ministrator of William A. Moss, late

cessitates the appointment by our county judge of a special collector or collectors to collect the outstanding tax of the levy

treasurer of Buckingham county, ne-

recently been established in White's Neck. It is said when a name for the post-office was under consideration in Washington a lady in the Post-Office Department suggested the name in honor of the handsome and popular commander of the court for certificates: S. L. Bierly, W. L. Lipes, Charles E. Tucker, Michael Mathen, and John D. Bowyer.

Mr. Hugh T. Nelson, of Lynchburg, on the custometry of the late Dr. J. Price Nelson.

The United States authorities have up to this writing taken no action in reference to the charges against Mr. John Crostic, the letter-carrier who was are rested several days ago on the charge of transportation of the custometric of the charge of transportation.

The friends of local option met in mass-meeting to days ago on the charge of transportation of the cust of this counter of the cust of the The United States authorities have up velopments. Six weeks ago a convention

rial incorporated in the hull of the ship, publican idea still obtains in the Ports-mouth navy-yard.

A. J. M.

Exceeding caution should be exercised in the considered it for the cost interests of the Government to have removed from Many recent cases of serious illness have the ship the four beams referred to by heen reported from the use of the new constructor Fernald in his letter of Deparent foods for infants, from untested cember 22, 1887, as having failed in The Proposed New Endroad-Per- baking-powders, and cheap flavoring ex- working, aithough welded and con-FORM UNION, VA., Feb. 14, 1888.

Mr. R. T. Hubard, president of the proposed railroad from accysville to Gorpreposed railroad from Reysville to Gordonsville viat Farmville, Buckingham Courthouse, New Canton, Fork Union, and Palmyra, requests a conference of our leading citizens to secure an expression of their views as to the feasibility of the scheme to have four county subscribe for \$75,600 of its preferred stock and issue its bonds to that amount for the same. The original present there is a great raid upon the baking-powder market, and so many impare and adulterated articles of this material. The failure of these four beams was certainly an unusual occurrence and at the present time unaccountable, as the material had stood all the regulation tests previous to its receipt at the Ohio State Food Commission has shown that a large number of the brands that it should be made of the very best material. The failure of these four beams was certainly an unusual occurrence and at the present time unaccountable, as the building varies. At the subject of the ship's frame, it is important that it should be made of the very best material. The failure of these four beams was certainly an unusual occurrence and at the present time unaccountable, as the building varies in several of the States have taken the necessary large and adulterated articles of this was a tie between two sides and as part of the ship's frame, it is important that it should be made of the very best material. The failure of these four beams was certainly an unusual occurrence and at the present time of the scheme two sides and as part of the ship's frame, it is important that it should be made of the very best material. The failure of these four beams was certainly an unusual occurrence and at the present there is a great raid upon the baking-powder market, and so many important that it should be made of the very best material. The failure of these four beams was certainly an unusual occurrence and at the present time that it should be made of the very best material. The failure of these four beams was certainly an unusual occurrence and at the present time to that amount for the same. The origi- shown that a large number of the brands tests that have been made and from the to that amount for the same. The original purpose to have Charlottesville as the sold here are made from alum, phosphates, or a cheap and adulterated cream abandoned for satisfactory reasons, the more direct route with easy grades of fered by the Fork Union and Palmyra route is most favorably attracting the attention of the projectors of the road. The surveyor passing from New Canton, four miles north, is brought to the southern in the official report of the Ohio State food Commission gives the names of a flanges before being put in the vessel, miles north, is brought to the southern tributary of Cary creek, following the valley of which stream he enters the value of the control of the Ohio State and the punching of rivet holes in the flanges before being put in the vessel, number of these impure powders, and ley of the Rivanna river at Eastport.
From this point it is proposed to turn up the Rivanna to Union Mills, and thence along the line of Machank creek directgave way through the lines of the rivet-holes. In building every steel vessel it is expected that some materials, even after they have passed all other prescribed tests by the Government inspector at the manufacturer's and the rolling mills, may fail in the working, and the instructions make a wise provision for The sad intelligence has just reached here of the death vesterday, at his home near Palmyra, of the Hon. W. E. Haden, who many years ago represented our county in the Honse of Delegate. Ever genial and jovial, and always with the full courage of independent convictions, Mr. Haden will be sadly mearned by his many friends.

Miss Willie Winn, whose illness has been such as to arouse the worst apprehensions of her friends, has passed the critical stage with favorable symptoms.

Captain George T. Thomas, of this county, recently shipped his crop of fine-cured tobacco through Richmond to South Boston, and realized \$25 as an average. The best was bought at \$10, and Richmond allow South Boston to take the lead?

Clay Ward Market.
